Installing Microsoft SQL Server JDBC Driver 3.0

Download the jar file from

 $\frac{\text{http://www.microsoft.com/downloads/en/details.aspx?FamilyID=\%20a737000d-68d0-4531-b65d-da0f2a735707\&displaylang=en}{\text{da0f2a735707\&displaylang=en}}$

Select the appropriate installer for windows or linux (windows shown)

Run the Installer

You should get this result:

Close the Unzip window

Read the installation instructions at

<unzip directory>\sqljdbc_3.0\enu\install.txt

Copy the sqljdbc.jar file to the Apelon\DTS Editor 3.5\lib directory
